## HealthQuest - Group Fitness Class Descriptions

**I-Beginner** - Classes are designed for the participant who has never experienced a class setting or for those who are returning from an injury, pregnant, returning from maternity leave, or are in their senior years. Choreography is modified, allowing participants to work at their own pace.

**II-Intermediate** - Classes are designed for the participant who has experienced several beginner classes and is ready to make a transition to the next level.

This class may offer higher intensity and involve more choreography. The participant must be aware to monitor his/her fitness level.

**III-Advanced** - Classes are designed for the participant who has experience and confidence in themselves and their instructor. These classes incorporate intricate choreography, quick cueing and high level of intensity.

**Masala Bhangra-(30-45 min)** Dance your way to fitness!! Unique Indian dance and fun cardiovascular moves mix for a great workout. **Level I,II,III**

**KB - (Aero-Box) -(45-60 min)** Cardio Kickboxing - A non-contact kickboxing class using fun kick and punch combinations. A great class for fat burning as well as muscle conditioning. Come prepared to work and have fun. Leave feeling powerful!!! **See specific times for class difficulty levels**

**PILATES - (30-45 min)** Increase strength and stability in core abdominal and postural muscles. Develop long, lean muscles, enhance flexibility and improve strength and body alignment using controlled flowing movements. If you're running a little late for am Pilates, come on in and join anyway. **Levels I, II, III**

**Line Dancing - (30-60 min.)-** Join us for a great cardiovascular workout as you learn some fun line dances. **Levels I, II, III**  
**Levels II, III**

**Rise and Tone-(30 min)-**A varied strength training session for whole body training. Build muscle and bone as you develop strength and endurance. **Levels I,II,III**

**Power Lunch** - Come join us for an exciting workout that you can squeeze in on your lunch break. This is a **30 minute instructor's** choice total body workout including body sculpting or Pilates. This class will utilize various equipment such as the ball, body bars, weights and more..... **Levels I, II, III**

**Running Club-**Meet for a run outside if weather permits. If not, enjoy a group run on the treadmill. **Levels I,II,III**

**"Super" Sizzle** - This fitness class is designed to be a 10-15 minute organized low impact aerobic warm-up with **"Super"**vised cardiovascular work, an introduction to the equipment in the gym, followed by a cool-down incorporating the use of therabands and hand weights. **Levels I, II, III**

**Serious Curves -(30-60 min)** Do you want curves and definition? Bands, weights, body bars, and steps are used to strengthen and shape the body. **Levels I, II, III**

**Step -(45-60 min)** This is a step aerobics class incorporating more advanced choreography for the more experienced stepper. **Levels II, III**  
**See specific times for class difficulty levels**

**Treading** - A group fitness class on treadmills. This class utilizes a variety of different combinations of inclines & speeds that help produce an invigorating, effective, and entertaining workout. **(30-60 minutes) Levels I, II, III**

**Tai Chi (30-45 min)-** Meditative, slow-moving motions that exercise all muscles, joints and tendons; it promotes balance, flexibility and circulation.**Level I**

**Abs- 15 minute** total abdominal workout, targeting your entire abdominal area and strengthening your core. **Levels I,II,III**

**Ball Pilates-(30 min)** A class to strengthen your core (abs, low back, etc) and improve balance using low impact exercises with the stability ball. **Levels I,II,III**

**Cycle (30-45 min)-**After you have learned the basics of cycling, come put your cardiovascular endurance to the test of a true cycling class!!!

**Kick Box/Boot Camp-KB/BC (30-45 min)** - East meets west when basic training drills are combined with cardio kickboxing **Levels 1,II,III**

**Body Blast-** A workout to target the entire body. Lower includes squats, lunges, plyometrics and balance exercises.

Upper includes exercises to target back, chest, biceps, triceps and shoulders using a variety of equipment and body weight **Levels 1,II,III**
